

October: National Pizza Month & National Cookie Month

National Pizza Month. Anyone in the business of serving pizza probably does not need to be reminded that October is National Pizza Month here in the United States. While the contribution of the first pizzerias in this country cannot be ignored, it was really the returning American soldiers who fought in Italy during World War II that brought a hunger for pizza home with them and pushed its popularity over the top.

NATIONAL COOKIE MONTH. National Cookie Month is an annual designation observed in **October**. That's right, this month you can start prepping your metabolism for the holiday season by indulging in cookies of any kind, whenever you please.

We have created an October calendar full of activities and videos to celebrate National Pizza & Cookie Month! You will find an elementary level calendar and a middle/high school level calendar. There are some crossover activities you will find on both options. Included are printable calendars that you can hang on your wall or refrigerator, as well as lists of corresponding clickable links to the instructions for each of the activities! We hope you enjoy this fun new #AdventureExtra and will tag us in your activities this month.
