

## *January: National Ice Skating Month*

**National Ice Skating Month.** Have you ever wanted to lace up a pair of skates and take the ice? Now is your chance! Learning to skate is easy and fun. With a little determination and a bit of practice, you will be gliding forward and even backward across the ice and toward your goals! Whether you want to learn to skate backward, spin really fast or even land an Axel, a National Skating Month event can help you get started..

We have created a January calendar full of activities and videos to celebrate **National Ice Skating Month!** You will find an elementary level calendar and a middle/high school level calendar. There are some crossover activities you will find on both options. Included are printable calendars that you can hang on your wall or refrigerator, as well as lists of corresponding clickable links to the instructions for each of the activities! We hope you enjoy this fun new #AdventureExtra and will tag us in your activities this month.

# January

## National Ice Skating Month Preschool/Elementary
